NAJIS Conference, Sept 20 – 23, New Orleans, LA

Come speak with Dale Polozola, Director of Information Systems for the Louisiana District Attorney Association (LDAA). The LDAA is using CDX4 to connect individual Parish DA databases to the Louisiana State Police system, to dramatically improve efficiency and accuracy when transferring cases to their case management systems. In addition, LDAA will also deploy an end-user querying portal based on CDX4 that will allow DAs to look for individuals that have cases in other Parishes.
